PVI COMMUNITY DONATIONS "HEAT UP"

John Yeager accepts PVI check from Brandon Strausbaugh as Larry McKenzie and Suzie Durant are all smiles.

Thanks to the support PVI has received from the community, we have been able to give back to the community! In the picture above, Brandon Strausbaugh, PVI Manager, donated \$150 to the Valley Center Community Aid Group (VCCAG), the 501c3 of the Valley Center Real Estate Professionals Group. The VCCAG provides scholarships and helps families in need in our community.

In the picture below, **Moira Neibert, VC Chamber President, accepts a check from the PVI Team of (l-r) Maricruz Avelar, Carmen Barerra and Brooke Dunn.** We are so excited to support the Chamber as it supports our local businesses!

DID YOU KNOW...

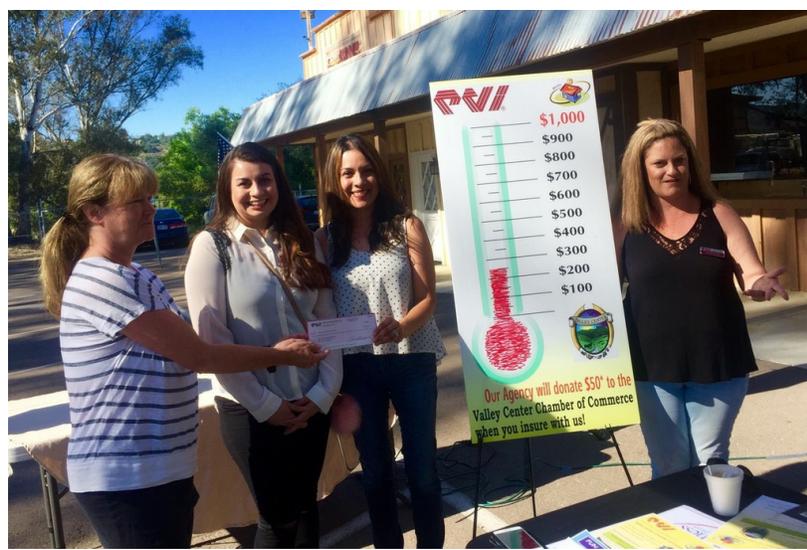

The "average" cost of a wedding is almost \$30,000, with "median" cost being closer to \$18,000.

In the U.S., approximately 2.3 million couples wed each year.

The average age of the groom is 26.9; the bride is 25.3.

The most popular honeymoon destinations are Las Vegas, Hawaii, the Caribbean and Jamaica.

Top wedding city in the world is Istanbul, Turkey, with 166,000 for the year. Las Vegas is second with 114,000.

SUMMER IS A "HOT" TIME FOR WEDDINGS!

It comes as no surprise that June is the most popular month for weddings, with 10.8% of weddings being held then. However, did you know that August is a close second with 10.2%?

If a wedding is in your future, or even someone close to you, there are some important things to consider that might not be on top of your "to do" list, but they are important nonetheless. For instance, now is a good time to consider insurance that you perhaps didn't feel you needed before, and/or reevaluate your existing insurance coverage.

In combining households, you may need financial protection that you weren't concerned with before, but now, as spouses who depend on each other for support, that protection could be critical, or at least give you peace of mind.

Perhaps you are buying a home, starting a family, or have made major purchases, such as expensive wedding rings or home furnishings. It is a good idea to check with your PVI agent anytime you have a major life change. He or she can best advise you on the options that are available to best protect yourself, your loved ones and your

AVOIDING BUMPS ON THE BRIDAL PATH

The bridal shop goes out of business three days before the bride is scheduled to pick up her paid-in-full, custom-made, one-of-a-kind wedding dress...

The dog swallows the bride's wedding ring, a family heirloom, just before the wedding...

An out-of-season hurricane threatens the perfect beach wedding venue...

The theme of this summer's blockbuster romantic comedy? The plot of the bestselling take-on-summer-vacation novel? Unfortunately, no. These are true scenarios that put a damper on, to say the least, well-planned, well-financed, and well-intentioned actual weddings. And these are just a few of the things that can go wrong after months of planning and substantial outlay!

TVI AND JENNY BOULOS: THE PERFECT PAIRING

The Temecula Valley is known for many things, but perhaps most notably for its 35 wineries, labeling the area as Southern California's Wine Country. Of course, the business climate that makes it ripe for wine growing, also provides the perfect setting for numerous other businesses to be planted and flourish. Of the many success stories in the area, our personal favorite happens to be Temecula Valley Insurance (TVI).

A SUMMERTIME CELEBRATION!

That with lower gas prices this year, more travelers will be packing up the car and hitting the road this summer.

According to a recent survey, 75 percent of people will be traveling this summer, which is a 2.2 percent increase over last year, and 79 percent will be doing so by car.

Be prepared for more traffic on the roads and at popular destinations, and remember to plan accordingly.

Have a safe and enjoyable summer!

Look for us on Valley Center Road

Known as the Fourth of July and Independence Day, July 4th has been a federal holiday in the United States since 1941, but the tradition of Independence Day celebrations goes back to the 18th century and the American Revolution (1775-83). In June 1776, representatives of the 13 colonies then fighting in the revolutionary struggle weighed a resolution that would declare their independence from Great Britain. On July 2nd, the Continental Congress voted in favor of independence, and two days later its delegates adopted the Declaration of Independence, a historic document drafted by Thomas Jefferson. From 1776 until the present day, July 4th has been celebrated as the birth of American independence.

PVI wishes you a safe and fun-filled 4th of July!
